Number dropped out	4

CONCORD TOWN REPORT

FINANCES FOR THE SCHOOL YEAR

Average cost per elementary pupil in A. D. A.	\$140.20
Average cost per high school pupil in A. D. A.	389.13

The shortage of elementary teachers has not decreased and indications point to it's continuance and possible increase during the next few years. The number of emergency teachers seems to have reached the saturation point and the loss of many such who have been available to fill vacancies till now is not being met by the increase in enrollment in the teacher colleges. The increased enrollment can have no effect on teacher supply till 1951. When the four-year requirement for teacher preparation goes into effect, greatly increased and strenuous effort will be necessary to attract desirable candidates for teaching into four years of education and training. Attractive salaries will remain a potent factor and a strong inducement in drawing superior personalities to the teaching profession.

Great forces are gathering in state and nation to bring about equalization of financial support for public education behind each child and thereby make possible a more nearly equable program of education. The plan proposed by the special commission to recommend for Vermont a system of state aid to towns calls for nearly \$500,000 increase in state funds for schools. A bipartisan bill allocating \$300,000,000 of Federal funds to state school systems passed the senate last April by a vote of 58 to 22. NOTE WELL the President's recommendation for education in his message to Congress. WARNING! No town should act on the assumption that the above-mentioned increases will come next year. Neither proposal may be enacted into law this year. All estimates should be based on things as are. Under present conditions a large percentage of time, effort and money is expended necessarily in trying to hold the line against further decline (war endangered), in maintaining and consolidating the gains made, and in keeping the spirit of endeavor to improve year by year.

Respectfully submitted,

C. L. ERWIN, Superintendent.
